CALENDARS

THE LENNOX AND ADDINGTON COUNTY MUSEUM

Title of Picture	Maker	Date	Cond	Accession No.	Location

Calendars are interesting to the historian because they are designed to appeal to a broad public taste. Hence, calendar design can tell us much about ideals, social standards and common goals. They are a documentary source for popular culture and, as such, are an important part of any collection attempting to document the history of a community.

Calendars are usually produced in large numbers by printers specializing in popular items and marketed to local retailers, who then add their own business name or logo. The local merchant selects illustrations which he feels will be in demand in his community, and which he is comfortable about using to represent his business.

Copyright should be considered in reproducing recent examples.

FIRST WORLD WAR POSTERS FROM THE UNITED STATES

On May 13, 1919, Clarance Warner, former President of the Lennox and Addington Society, mailed to W.S. Herrington, who had succeded him as President, a large roll of War posters which he had collected in the United States. Warner was at that time occupying a position at Harvard, and most of the posters were collected in New York or Boston. Some were still wrapped in a mailer from R.H. Stearns & Co., Boston. The posters were mostly American and mostly 1917-18. Many of the posters are still in fine condition today. The largest was damaged in 1919 during the postal journey.
